

Entering TTA Activities into the TTARP

Award

The BJA-funded project that has been awarded to your organization. Each award has a goal, which is what you generally plan to achieve over the course of your project.

E.g. Promote collaboration amongst grantee sites.

Objectives

The smaller tasks you need to complete to accomplish your goal. Objectives should be specific and measurable. Each TTA and deliverable should clearly align to one award objective.

E.g. Support one monthly coordinating meeting at the four grantee sites, Manage a web-based platform accessible by all grantee sites.

TTA Activity

TTA activities are events, trainings, workshops, targeted support, and assistance that provide knowledge, skills, and/or capacity-building. TTA activities can be **informational** (TTA that does not require lengthy or ongoing assistance, such as a phone call), **limited** (TTA that is specific to one point in time and requires limited contact, such as a one-time event or training), or **intensive** (TTA that is ongoing and highly customized, such as designing and implementing a program or practice).

E.g. Virtual meeting on 11/5/24 to discuss community resources.

Deliverable

A tangible, reusable resource that can be referenced and used by others, such as a document, podcast, video, tool, training curriculum, newsletter, website, or system. You should be able to pause or print a deliverable.

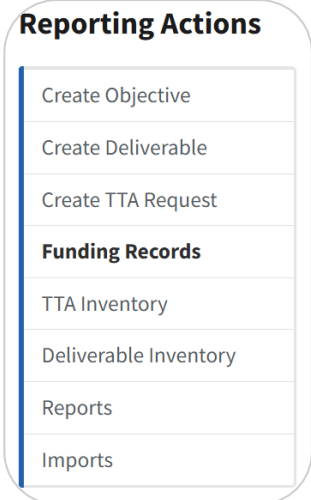

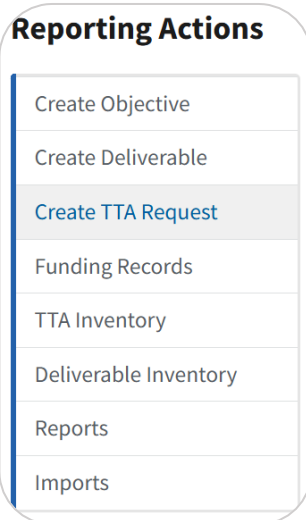

E.g. Webinar recording of 11/5/24 virtual meeting.

TTA activities should be added when conceptualized and updated as the activity progresses.
